MUNICIPALITY: PREPAID METERS UPGRADE

Dear Resident

The previous newsflash dated 30 November 2020 refers.

We received feedback from the Municipality that their technical team which was on the estate from 2 December 2020 did not have access to your property to do the necessary "key change" to your prepaid system.

The Municipality's technical team will again be on the estate on 18, 19 and 20 January 2021.

Please make sure you are home; or have someone who can provide access on those days.

Alternatively, please arrange alternative dates with the Municipality at the person below:.

**Please arrange for access to your property during this time; or arrange another date with the Municipality.

MUNISIPALITEIT: VOORAFBETAALDE KRAGMETER OPGRADERINGS

Beste Inwoner

Die vorige nuusflits van 30 November 2020 verwys.

Ons het terugvoer van die munisipaliteit ontvang dat hul tegniese span wat vanaf 2 Desember 2020 op die landgoed was, nie toegang tot u eiendom gehad het om die nodige 'sleutelverandering' aan u voorafbetaalde stelsel te doen nie.

Die tegniese span van die munisipaliteit sal weer op 18, 19 en 20 Januarie 2021 op die landgoed wees.

Maak asseblief seker dat u tuis is; of iemand het wat op daardie dae toegang kan bied.

Alternatiewelik kan u alternatiewe datums met die munisipaliteit reël by die persoon hieronder:.

**Reël asseblief vir toegang tot u eiendom tydens die tyd; of reël direk met die Munisipaliteit vir 'n ander datum.

NOTICE!

PREPAID ELECTRICITY CUSTOMERS

As electricity is an essential service, Mossel Bay Municipality has to continue with the prepaid meter updates (Compulsory) for all Mossel Bay Municipal Prepaid Electricity Meters. This service will commence from **14 May 2020** until completed. There is No specific area in which these workers will start working from. These workers will have to enter your homes / Business premises in order to Update the prepaid meters. They do have Identification cards if needed. They will all be equipped with PPE (Personal Protective Equipment). All prepaid meters will be sanitised before and after use. We ask that you work with us in these circumstances and to help us get through this update project as quick and seamless as possible.

Your assistance with the following is required:

PLEASE INPUT INTO YOUR METER ALL SPARE TOKENS BEFORE THE "KEY CHANGE" PROCEDURE IS PERFORMED.

NOTE: At the date of **KEY CHANGE**:

- * Do Not keep any "Spare Tokens"
- * Once your meter has been "Key Changed" any old token(s) would **NOT** be able to be used.
- * The credit in your meter on the date of "Key Change" **WILL** be carried over
