## NEWSFLASH / NUUSFLITS

### Wi-Fi Dish / Wi-Fi Skottel

**Geagte inwoner,**

Neem asb kennis dat daar in die laaste tyd 'n paar van hierdie tipe (sien foto) WiFi skottel installasies plaasgevind het. Volgens Reël 2.9.8 moet daar aansoek gedoen word voor so 'n installasie plaasvind, maar neem asb ook kennis dat ons inwoners wil aanmoedig om gebruik te maak van die vesel lyne wat ons laat installeer het.

Die gebruik van enige eksterne toring of antenna word nie as 'n reel toegelaat nie. Mense wat reeds kontrakte gesluit het met wifi skottels, word gevra om die kontrakte te laat uitloop en daarna oor te skakel na vesel, en in tussentyd die skottel op so 'n manier te installeer dat dit nie van die straat af sigbaar is nie.

**Dear resident,**

Please note that there have been some of these types (see photo) of WiFi dish installations lately. According to Rule 2.9.8 must be applied for before such an installation takes place, but please also note that we want to encourage residents to make use of the fiber lines that we had installed.

The use of any external tower or antenna is not permitted as a rule. People who have already signed contracts with Wi-Fi dishes are asked to have the contracts expired and then switch to fiber, and in the meantime install the dish in such a way that it is not visible from the street.

Kindest regards.
